**Journey beyond the myth and discover what awaits you at the top of the Yggdrasil Tree!**

**Game Description** (2-3 sentences):

**Set your sights on a brand new adventure. Explore vast lands, discover areas unknown, and climb to the top of the legendary tree, Yggdrasil, to uncover the truth beyond the myth!**

**Features** (2-3 bullets):

- **Gameplay Fit for a True Pathfinder** - Players can use the map to mark the locations of treasures, doors, enemies, environmental obstructions, and more. Expect the unexpected at every turn--and then make a note on the map so it's not so unexpected next time!
- **Expanded Character Creation and Customization** - With four unique races, 10 distinct classes, more customization options than any previous game in the franchise, and a streamlined skill tree/class advancement, you can shape a party to whatever your heart desires.
- **A Choose-your-own-odyssey Feel** - Starting with the creation of your party to exploring the uncharted labyrinth of the Yggdrasil Tree, *Beyond the Myth* is all about choosing how your own adventure unfolds. Test your survival skills by wisely navigating the winding floors of Yggdrasil, using shrewd tactics when battling gruesome beasts, making the right decisions during various "scenarios," and more. To meet these challenges, the home base city of Iorls is ready for all your buying/selling, recruiting, and information-gathering needs!
