Huffman Island, 2089.

The world is on the brink of war.

You are a mercenary who has been called in to reinforce the defending forces on Huffman's O.C.U.-U.C.S. border. The question is, which side will you fight for?

Use your mobile phone to climb aboard giant humanoid armored vehicles called "wanzers" and fight for the nation of your choice. Customize your loadout, check your ammo, and rush to the frontlines!

Experience an original storyline created exclusively for this mobile version.
